

## **College Pictionary/Charades**

Decide whether the group prefers Pictionary or Charades.

Bring index cards and ask each student to take one. On their card, ask each student to write something they want to make sure they do before they leave UCSB – this can be anything from academic (i.e., getting involved in a research project, getting on the dean's list, etc.) to social/personal (i.e., be an RA, fall in love, go swimming at Red Rock pools, etc.).

Collect the cards and shuffle them. Divide students into 2 teams and give each team a section of the board or 2 easel pads. Then have a player from each team come to the front and show the 2 of them the card.

Then give each team 1 minute (or whatever you want), to either draw/act it out. The first team to guess it correctly gets a point. Continue until all cards are done.

It's nice to have a big prize for the winning team and a smaller one for the other team.
